

PANTONE[®] /Paints

Perfection in color meets perfection in paint.

Inspiring the World's Color Palette with Paint.

In the ever-evolving world of trends, it's important to update and modernize your thinking and to look at color and styling influence through "modern-eyes." As ever, colors for interiors are influenced by color directions in fashion, pop culture, international affairs, social issues and the world of entertainment. From casual or eclectic to stunningly modern, the over 3,000 shades in the PANTONE Palettes reflect a variety of design styles, play styles and comfort levels. The three paint palettes highlighted in this brochure are examples of how Pantone, Inc. can help express the wide range of colors that speak to today's culture. Simply choose the color combinations that resonate, allowing you to best convey your individual taste and sensibilities.

Silver Mink / PANTONE 17-1312

Silver Blue / PANTONE 16-4706

Copper / PANTONE 16-1325

Deep Mahogany / PANTONE 19-1420

simply elegant

Where traditional taste melds with contemporary sensibilities, rich tones make a seamless connection.

The first palette, titled “Simply Elegant,” is a prime example of the marriage of tradition and modern day, the continuing eclectic approach where new technologies, especially in fabrication, finishes and styling adeptly enable (and encourage) the use of unexpected mixes and textures. Color treatments are equally unique in beautiful blends of mahogany and silvered mink, silvery blues, elegant purples and deep bronzed tones set off by the glint of pale gold, frosty almond and copper.

Snow White / PANTONE 11-0602

Air Blue / PANTONE 15-4319

Pesto / PANTONE 18-0228

Green Sheen / PANTONE 13-0648

fresh air

No matter what the season, infuse the atmosphere with the soothing colors of springtime.

The dictionary defines something fresh as that which is “refreshingly different from what has been done previously.” Certainly the spontaneity of the stylized designs and finishes mixed into this palette is truly like a breath of “fresh air,” where woven twines may meet with metallic sheens and smooth resins are coupled with textured leathers. Color combinations are equally inventive, for example, green pesto, vibrant yellow and yellow-greens combining artfully with cyclamen pink, purples and violets, sky blues and snow whites.

Keith Scott Morton

mélange

Friendly, warming, nurturing hues invite you to enjoy the convivial atmosphere.

Flavored by melon, apricot, strawberry and orange, Mélange is an assortment of tantalizing shades guaranteed to stimulate the visual appetite. In addition to the warm fruit flavors, and feeding the need for fresh, vital combinations, there is a toasty tan, a vibrant poppy red, a vivacious yellow — all well-grounded by a balancing blue and a rustic khaki.

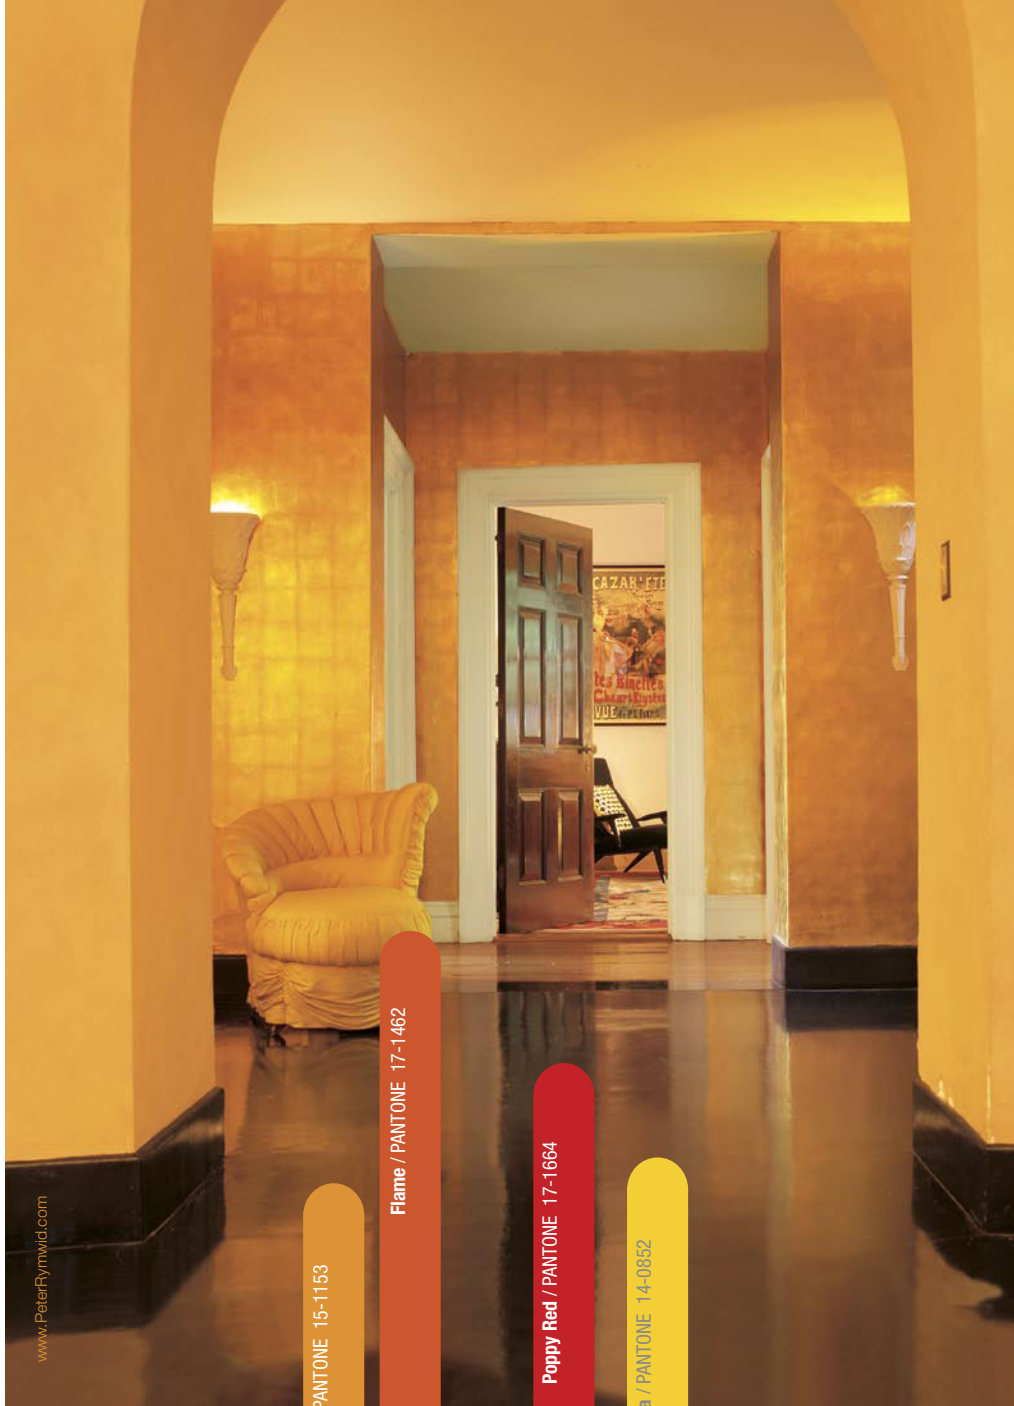

www.PeterRymwid.com

Apricot / PANTONE 15-1153

Flame / PANTONE 17-1462

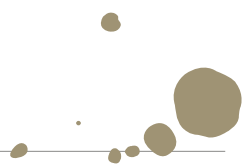

Poppy Red / PANTONE 17-1664

Freesia / PANTONE 14-0852

PANTONE®

/Paints+Interiors

Color Confidence from Inspiration to Application.

For over 40 years, Pantone, Inc. has been the global provider of professional color standards and a source of inspiration for those working in the design community worldwide. Our wide ranging color palette is used by design professionals internationally to access color trends, communicate color choices and control consistency of color across every imaginable surface, texture, material and finish.

The Color System that Covers the World Now Covers Your Walls.

Through a relationship with Fine Paints of Europe, designers, architects and discerning homeowners can now confidently specify and match Pantone's color standards in paint.

Now Paint and Color Speak the Same Language.

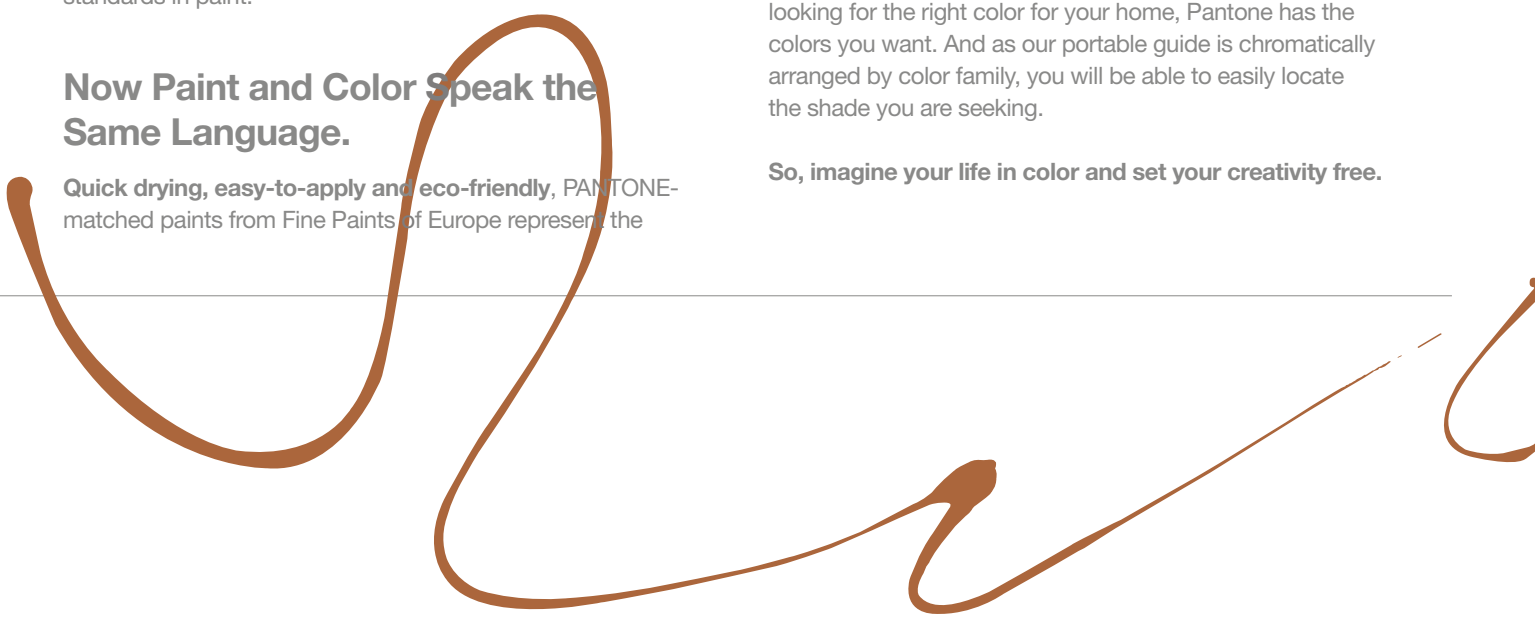

Quick drying, easy-to-apply and eco-friendly, PANTONE-matched paints from Fine Paints of Europe represent the

pinnacle of the Dutch art of paint making. These real Dutch paints are richly laden with the finest pigments, oils and resins, and are tinted with a unique proprietary system employing two separate dispensing systems, one for water-based acrylic paints and one for traditional, oil-based paints. By utilizing these product-specific colorants, the Fine Paints of Europe Tinting System provides **superior color accuracy, enhanced color depth, and excellent coverage for long-lasting value**. Fine Paints of Europe is the only paint company authorized by Pantone, Inc. to match paint in PANTONE Colors.

Every Designer's Life Just Got Easier.

Whether you are a design professional looking to incorporate brand identity standards and easily coordinate multiple materials such as fabrics, furnishings, carpets and paint for interior design projects, or a savvy consumer looking for the right color for your home, Pantone has the colors you want. And as our portable guide is chromatically arranged by color family, you will be able to easily locate the shade you are seeking.

So, imagine your life in color and set your creativity free.

Great Design is Now as Easy as Paint by Numbers

With over 3,000 designer colors to choose from, the new PANTONE—matched paints yield the depth and vibrancy of color to dramatically enhance any environment.

Hollandlac™

Interior / Exterior Traditional oil

High-performance, marine quality alkyd enamel suitable for interior and exterior use. Heavily pigmented formulation provides superior hiding power and resists fading. Suitable for any properly primed interior or exterior surface – wood, plaster, wallboard, metals and plastics. Available in Brilliant and Satin finishes; over 3,000 PANTONE Colors and custom tints.

Hollandlac Satin

Applications: Walls, ceilings, doors, trim railings, baseboard, moldings, cabinets, furniture and windows.

Hollandlac Brilliant

Applications: Windows, doors, floors, trim, railing, cabinets, wainscotting, furniture, machinery, exterior architectural facades, shutters, garden furniture, gazebos, trellises, wooden and wrought iron, fences, exterior decks, porches and boats.

Color Cue®2

Capture your inspiration. Click on any surface or material and easily cross-match it to the closest color from our PANTONE PAINTS + INTERIORS or PANTONE MATCHING SYSTEM® Color Palettes.

EUROLUX™

Interior Acrylic

High performance, odorless, scrubbable, quick drying interior paint. Easily applied by homeowner or professional. Combines beauty and longevity in a state-of-the-art formulation. Cleans up with water, environmentally friendly. Low VOC. Available in matte, satin and gloss finishes. Over 3,000 PANTONE Colors and custom tints.

Eurolux Matte

Applications: Preferred by most clients for walls and ceilings.

Eurolux Satin

Applications: Walls, ceilings or any other surface on which a durable, satin, easily maintained surface is required.

Eurolux Gloss

Applications: Primarily for doors, trim cabinets and windows, but may be used effectively on walls and ceilings when a gloss finish is desired.

PAINTS + INTERIORS color guide

Chronologically arranged by color family, color-on-paper fan deck is designed for portable use. Each color is numerically referenced and has an inspirational color name. Perfect for selecting paint choices, as well as specifying, matching and coordinating all of your color choices from paints and fabrics to furniture and floor coverings.

ECO™

Interior / Exterior Waterborne

Advanced water and oil formulation paint suitable for interior and exterior use on woodwork and other “non-wall elements.” “Hybrid” formulation yields best attributes of both traditional solvent borne and modern waterborne coatings. Easily applied by homeowner or professional. Odorless, cleans up with water, environmentally friendly – low VOC. Available in Brilliant and Satin finishes; over 3,000 PANTONE Colors and custom tints.

Eco Brilliant

Applications: Windows, doors, trim, cabinets, shutters and garden furniture.

Eco Satin

Applications: Windows, doors, trim, cabinets, shutters and garden furniture.

PAINTS + INTERIORS color specifier

Six larger sized tear-out chips perforated for easy removal. Chips can be used to communicate color choices, develop color palettes or attach to drawings and submittals.

PAINTS + INTERIORS color chooser

An easy way to integrate the PANTONE PAINTS + INTERIORS color palette into your design software programs.

For over 40 years, Pantone has been the global provider of professional color standards and a source of inspiration for those working in the design community.
